Remember to bookmark for future reference!

The Geary County Parcel Search site utilizes esri's ArcGIS Online (AGOL) configured by ATCi for the map display component and ATCi's search engine that powers the Sales Portal. The sales portal will be discussed later.

ATCi Maps has 5 different searches built in.

- Addresses: format example: 401 N Main St
- **Kansas Parcel ID**: (KSPID)19 digit number; no dots/dashes format example: 084068280000004000
- Section-Township-Range: (S-T-R) format example: 28-12-15W
- QuickRef ID: format example: R1487
- Owner: format example: Last Name First Name (no comma in between)

Layers list is located in Top Right Corner use this to see available layers for display in the map. If something is missing you think we should have, contact us and let us know. We'll add what our users need/want.

Public PRC's can be viewed by clicking on the hyperlink in the popup window.

The Sales Portal Page (remember to bookmark this page!)

Sales Portal has moved to new external link from map.

ATCi Sales Portal link has a *bug* click the link, if it takes you out to the old atcimaps.com page, please close and select ATCi Sales Portal link again. Bug will be fixed asap. (The page the link opens should look like the image below.)
